Notes:

1.It is a good idea to keep some extra pens/pencils at home to be brought to school when needed. It is also recommended that each student keep a pencil case in his/her locker with a supply of pens/pencils and only take a couple of each to classes.

2.Staff assign school lockers. Students need to bring a lock from home and provide the lock combination to their homeroom teacher or purchase a lock from the office for \$10.00. Students must use the lock that has been assigned to them and not share with other students. Students should NOT tell other students their lock combination!

3.Some classes may require a workbook for students to purchase (eg. Chemistry, Physics, etc). Workbooks generally cost around \$25.00.
